Team Name: KLEMP
Report Number: 7
Reporting Week: 7

Summary of work completed in prior week:

We want to get work done on planning the real project, using the prototype as a guide we will decide who will work on what in terms of front end and back end. We decided to all work on the front end, splitting up the virtual campus and combining it with the team website github.

Summary of work planned for next week:

We'd like to complete the front end GUI of the virtual campus as well as prepare for the front end presentation in two weeks.

Open issues and action plan to resolve them:

None to report
