Team Name: KLEMP
Report Number: 14
Reporting Week: 14

Summary of work completed in prior week:

Successfully implemented the search feature and uploaded final images for all the buildings and floors.

Summary of work planned for next week:

Testing the search feature for all buildings and floors, tracking it in a google sheet to identify any issues that would most likely be caused by the csv files.

Open issues and action plan to resolve them:

Trouble when searching for basement rooms, will be adding a 'B' to the room id and try to fix it with that.
